PROFESSIONAL EXPERIENCE

Full Stack Coding Apprentice | Road to Hire Mar 2023 - Sep 2023

- Developed and maintained web applications using HTML, CSS, JavaScript, and React.
- Collaborated in Agile/Scrum team meetings, assisting in design and development processes.
- Managed databases using SQL and MongoDB, handling data storage and retrieval operations.
- Contributed to back-end development and API integration, enhancing functionality and user experience.

Retail Sales Consultant | AT&T Feb 2021 - Apr 2022

- Recommended products and services to enhance customer experience and drive satisfaction.
- Handled sales transactions, including payment processing and receipt issuance, accurately and efficiently.
- Assisted customers in product selection and resolved inquiries to ensure a positive shopping experience.
- Achieved and surpassed sales targets by effectively upselling accessories and service plans.

Security Officer | Allied Universal Aug 2019 - Jun 2020

- Monitored premises and documented activities in daily reports to ensure accurate records.
- Applied leadership and collaboration skills to maintain a secure environment.
- Verified guest and employee credentials to control access and maintain security.
- Conducted regular security patrols of the facility grounds, parking lots, and perimeter areas.

RELATED TECHNICAL PROJECTS

E-commerce V1 | HTML, CSS, JavaScript(JSON), Aws Amplifier

- Developed a dynamic web project utilizing HTML, CSS, JavaScript (JSON), and AWS Amplify for deployment and backend support.
- Showcased ability to learn and apply new technologies quickly.

E-commerce V2 | React, MongoDB, Render

- Leveraged React for the front end, MongoDB for database management, and Render for deployment in a robust project.
- Demonstrated an energetic self-learner attitude by mastering advanced tools and frameworks.

Hope Hack (Team Work) | Node.js, API, HTML, CSS

- We developed a web project integrating Node.js API for dynamic database interactions and front-end data display.
- Excelled in team settings, demonstrating strong partnership and communication skills.

Task Tracker | HTML, CSS, JavaScript, Node.js, Aws Amplifier

- Created a tablet and mobile-responsive task tracker app, boosting user engagement. Deployed the app using AWS Amplify for optimal performance.
- Demonstrated technical analysis skills and ability to learn new tools quickly.
